Park and I Love New York comes this uniquely packaged cookbook, featuring recipes from the wildly popular restaurant and, as an added surprise, a hidden back panel that opens to reveal a separate cocktail book. Chef Daniel Humm and his business partner Will Guidara are the proprietors of two of New York's most beloved and pioneering restaurants: Eleven Madison Park and The NoMad. Their team is known not only for its perfectly executed, innovative cooking, but also for creating extraordinary, genre-defying dining experiences. The NoMad Cookbook translates the unparalleled and often surprising food and drink of the restaurant into book form. What appears to be a traditional cookbook is in fact two books in one: upon opening, readers discover that the back half contains false pages in which a smaller cocktail recipe book is hidden. The result is a wonderfully unexpected collection of both sweet and savory food recipes and cocktail recipes, with the

lush photography by Francesco Tonelli and impeccable style for which the authors are known. The NoMad Cookbook promises to be a reading experience like no other, and will be the holiday gift of the year for the foodie who has everything.

restaurant comes this deluxe cookbook showcasing the foods, ingredients, and culinary history of New York. After landing rave reviews for his transformation of Eleven Madison Park from a French brasserie into a fine dining restaurant, chef Daniel Humm decided to refashion Manhattan's ultimate destination restaurant into a showcase for New York's food artisans. Instead of looking abroad for inspiration, Humm headed to his own backyard, exploring more than fifty farms in the greater New York area and diving into the city's rich culinary heritage as a cultural melting pot. In I Love New York, Humm and his business partner, Will Guidara, present an in-depth look at the region's centuries-old farming traditions along with nearly 150 recipes that highlight its outstanding ingredients—from apples, celery root, and foie gras to nettles, pork, scallops, and venison. Included among these dishes designed explicitly for the home cook are reinterpretations of New York

**Straphanger** Taras Grescoe 2012-04-24 Taras Grescoe rides the rails all over the world and makes an elegant and impassioned case for the imminent end of car culture and the coming transportation revolution "I am proud to call myself a straphanger," writes Taras Grescoe. The perception of public transportation in America is often unflattering—a squalid last resort for those with one too many drunk-driving charges, too poor to afford insurance, or too decrepit to get behind the wheel of a car. Indeed, a century of auto-centric culture and city planning has left most of the country with public transportation that is underfunded, ill maintained, and ill conceived. But as the demand for petrol

outpacing the world's supply, a revolution in transportation is under way. Grescoe explores the ascendance of the straphangers—the growing number of people who rely on public transportation to go about the business of their daily lives. On a journey that takes him around the world—from New York to Moscow, Paris, Copenhagen, Tokyo, Bogotá, Phoenix, Portland, Vancouver, and Philadelphia—Grescoe profiles public transportation here and abroad, highlighting the people and ideas that may help undo the damage that car-centric planning has done to our cities and create convenient, affordable, and sustainable urban transportation—and better city living—for all.

assassination. Here is the woman as she has never been seen before. In heartrending detail, we witness a struggle that unfolded at times before our own eyes, but which we failed to understand. Leaming's biography also makes clear the pattern of Jackie's life as a whole. We see how a spirited young woman's rejection of a predictable life led her to John F. Kennedy and the White House, how she sought to reconcile the conflicts of her marriage and the role she was to play, and how the trauma of her husband's murder which left her soaked in his blood and brains led her to seek a very different kind of life from the one she'd previously sought. A life story that has been scrutinized countless times, seen here for the first time as the serious and important story that it is. A story for our times at a moment when we as a nation need more than ever to understand the impact of trauma.
